

Discussions:

Discussions:

The discussion feature allows for multiple users to discuss the project as a whole or simply an individual piece of the project.

Features of Discussions:

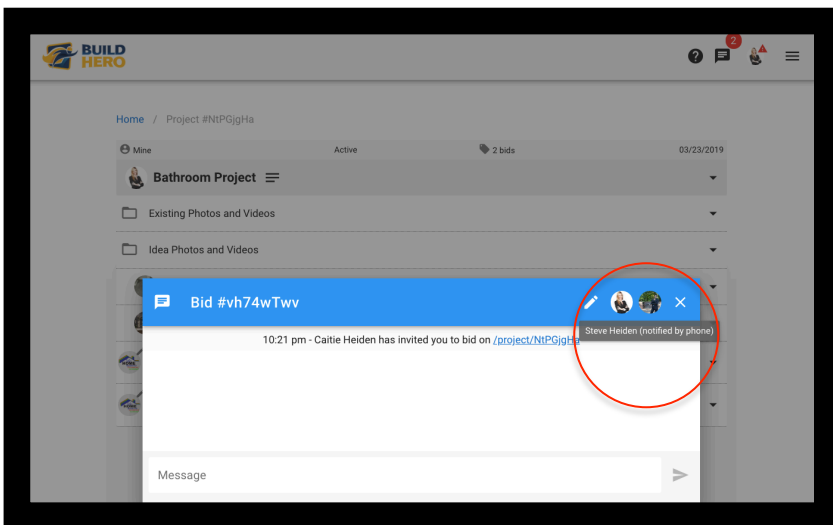

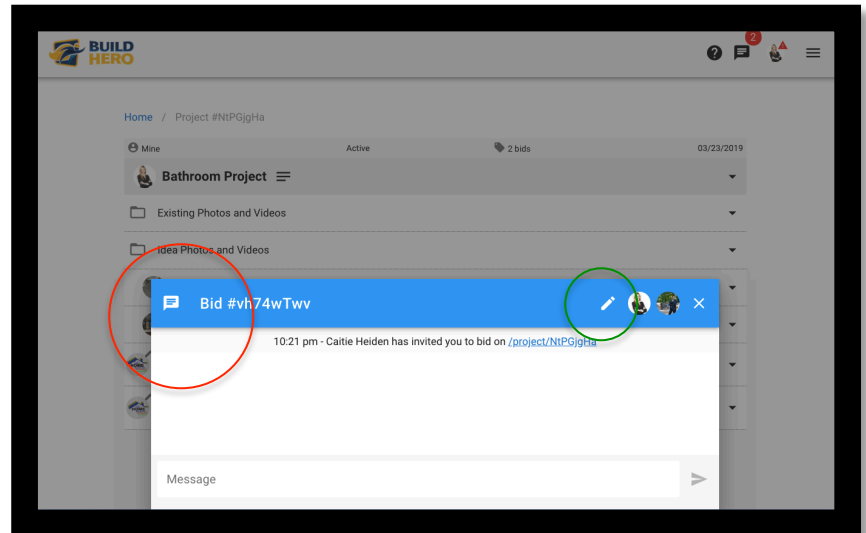

- **Default Discussion:** Every bid will have a default discussion created.
- **Default Discussion Items:** The main discussion of a bid will post things like published items, invoices, and approvals.
- **Add & Remove Users:** Add and remove any user that is a part of the project or bid to the discussion(s).
- **Discussion Notification Icon:**
